SHOW THEM THE SIGHTS.

A few weeks hence a large number of tourists from the Eastern States will troop down upon this coast, to stare and wonder at everything that is new and strange to them. This will be a golden opportunity to spread the gospel of anti-Mongolism; to show them the Chinese dens of iniquity, the pestiferous cesspools and reeking nastiness the heathen have created in all the larger towns on this coast. Let the aesthetic Adonis of Boston compare his fragrance with the stunning odor of an opium den, or peep in upon the slave harlots of a brothel. Let his stomach retch and revolt over a rotting leper—a mass of live carion. Take him to San Quentin and introduce him to 700 Chinese thieves and murderers, and if he does not return home fully believing that reality accords with report, no argument in the world will convince him that Chinese immigration is the bane of the Pacific Coast.

EDITORIAL NOTES.

There seems of late to have been a furor for human blood all over the land, and especially on this coast. Every paper brings accounts of some horrible tragedy that has been committed. Why is it? Has the administration of our laws become so lax that they cease to have any salutary effect in holding in check the lawless propensities of the rabble? or has an undue exercise of the pardoning power cut loose the leading strings and opened the sluice way for a free carnival of crime? These are questions that commend themselves to our serious consideration and careful study.

It is believed in Germany that emigration to America this year will be far greater than it was in 1881. Perhaps the German government may seek to prevent such increase. It is a matter of moment to that government that it should every year lose so many of the best and bravest of its subjects. Just now such men are needed, as it is threatened with a Russian war. Russians do not emigrate.

A bill has been introduced into the Kentucky Legislature to fine every one who tells a lie, or who "by word of mouth attempts to deceive his fellow-man." Now, that is coming down to practical estheticism. Should this State pass such a law, the entire output of the Comstock in its palmist days would not suffice to pay half the penalties. The official who collected the fines for a percentage would have a nice thing.

The GAZETTE was not far out of the way the other day when it said that Marcus D. Boruck has not lost faith in the Republican party. In his last issue of the *Spirit of the Times* the editor says: "We are still in the field for Governor of the State, all reports to the contrary notwithstanding." When Marcus blows his horn he means that people shall listen.

Statistic reports in the *Union Medical* give the number of deaths in the French army from small-pox at 1,087. In the German army during the same period there was not a single death from that cause. Vaccination and revaccination upon entering another army corps are compulsory in Germany.

It is said that both Sherman and Hancock are earnestly in favor of having young men in the army, and of retiring company officers at forty, field officers at fifty-five, and general officers at sixty-five.

It is a fact not generally known, that by an act of the New South Wales Parliament, approved by the Queen on December 6, 1881, the immigration of Chinese is virtually prohibited in that country.

The San Francisco *Daily Report* believes that Jewett Adams will be the next Democratic Governor of this State.

The Bodie *Free Press* is pluming itself for a lively mining boom in the early summer.

TO-DAY'S NEWS

Press Dispatches to EVENING GAZETTE.

EASTERN.

Ohio Legislative Matters.

COLUMBUS, O., April 12.

The Legislative Committee having in charge the investigation of the alleged bribery of members by representatives of canal schemes, reported to-day, recommending that Wm. Bloch of Cleveland and Wm. A. Wright of Hocking county be reprimanded and censured for conduct unbecoming members. A minority report by one member recommends that they be removed from the standing committees; by another, that Wright be expelled from his seat. The Committee found that Albert Netter and J. D. Watson of Cincinnati had made a proposition to improperly influence the votes of both members, and referred their case to the prosecuting attorney. The report will be considered Thursday morning. Senator Horner's redistricting bill for Congressional purposes passed the Senate to-day. It gives Republicans 14, Democrats 4, and 3 doubtful districts.

Permit to Construct Bridges.

WASHINGTON, April 12.

Senator Slater to-day introduced a bill to authorize the Oregon Pacific Railroad Company to construct bridges across the Willamette river at such points between Salem and the head of navigation as it may select. The chief general requirements are that the spans shall be at least 2,000 feet long; that piers shall be parallel to the current of the river, and that no draw bridges be constructed the opening of which shall be less than 100 feet on each side of the pivot-pier. All plans are, however, to be subject to the approval of the Secretary of War.

Confirmations.

WASHINGTON, April 12.

The Senate yesterday confirmed Sterling P. Rounds as Public Printer and Samuel C. Wright as Receiver of Public Moneys at Carson, Nevada. The nominations of Wm. E. Chandler as Secretary of the Navy and Secretary Hunt as Minister to Russia were reported back from the Naval and Foreign Relations Committees with recommendation for confirmation. Also the nominations of John R. G. Petkin, Marshal for the East District of Louisiana, and John F. Govey, of Ohio, Register of the Land Office at Olympia, W. T.

Railroad Land Matters.

WASHINGTON, April 12.

In the matter of the appeal of the Oregon & Wyoming R. R. Co., to prevent a confirmation of the survey of the Oregon Short Line railroad, based upon the claim that the location overlaps and usurps a part of the former company's grant, the Secretary has denied the application and confirmed the location of the Oregon Short Line Company's grant, subject to the rights of the Union Pacific and Oregon & Wyoming Railroad Companies.

A Naval Officer Restored.

WASHINGTON, April 12.

In the Senate, the calendar being taken up, the bill restoring Captain Corbin of the navy to the active list, to take rank next after Commodore Nicholson, with restitution from December 12, 1873, of the difference of pay between that of Commodore on the active list or waiting orders and that of Captain retired on half pay, elicited a protracted discussion; but the bill finally passed.

Another Charge Predicted.

WASHINGTON, April 12.

Secretary Teller will enter upon the discharge of his duties as the Interior Department next Monday. There are rumors of more changes in the Cabinet; and it is said that Secretary Lincoln, the only remaining member of the Cabinet appointed by President Garfield, will be retained but a short time longer, and will then be superseded by some one more in accord with the present Administration.

The New Chinese Bill.

WASHINGTON, April 12.

The Senate Committee on Foreign Relations, considering the substitute Chinese bill, expect to arrive at a satisfactory conclusion of their labor to-morrow. The passport feature will not be materially changed, although the documents in question may perhaps be designated as certificates of identification, and the period of suspension will be fixed as heretofore agreed upon by the Republican members of the Pacific coast delegation, at 10 years.

Crops Injured.

COLUMBUS, Ohio, April 12.

The freeze last night is thought to have been disastrous to fruit, and especially to peaches. Secretary Chamberlain, of the State Board of Agriculture, thinks crops are badly injured, if not totally destroyed. Farmers report wheat heavily damaged.

Indian War Claims.

WASHINGTON, April 12.

Grover, in behalf of the Senate Military Committee, to-day reported an original bill as substitute for bills introduced by himself and Senator Fair, looking to the payment of Oregon and Nevada Indian war claims.

It requires the Secretary of the Treasury, with the assistance of the Secretary of War, to investigate and report to Congress the amount of all claims of States—Texas, Oregon, Nevada, and the Territories of Washington and Idaho—for money expended and indebtedness assumed by them in suppressing Indian hostilities from the earliest days, except in regard to Idaho and Washington Territories, which are restricted to claims arising in '77 and '78. The Governors of said States and Territories are to file with the Secretary of the Treasury full statements and proofs of all the respective claims, and reports are to be made to Congress for each State or Territory at as early date as practicable.

Colorado's New Senator.

DENVER, April 11.

The Hon. George M. Chilcote, whom Governor Pitkin appointed to succeed Senator Teller, is a lawyer by profession. He was elected a member of our Territorial Legislature in 1881, having filled a similar position in Nebraska in 1886. He has since represented Pueblo county in the State Legislature. His appointment to the United States Senate gives general satisfaction through the State.

Ben. Holladay's Plun.

WASHINGTON, April 12.

In the Senate to-day, Cameron (Wis.) from the Committee on Claims, reported the original bill for the relief of Ben Holladay. It appropriates \$320,153 for losses sustained by him as contractor, on account of Indian hostilities.

TELEGRAPHIC BREVITIES.

—The Mormon wool-growers of Salt Lake county, Utah, have passed a resolution not to sell their fleeces to Gentile dealers.

—It is understood that the Cabinet has disposed of the Fitz-John Porter case and will make a special communication to Congress soon.

—D. Ogden Mills, son of D. O. Mills, and Miss Ruth Livingston were married in Grace Church, New York, by the Rev. Dr. Henry C. Potter, the rector, yesterday afternoon.

—The Methodist preachers in Philadelphia have appointed a committee to draw up a paper expressive of the satisfaction of the preachers at the veto of the Chinese bill by the President.

—A concurrent resolution was introduced in the Senate yesterday, directing the Senate and House Committees on Public Buildings to inquire into the advisability and cost of purchasing a site for a residence for the President of the United States.

—During the illuminations at Roscommon, Ireland, in honor of the release of Parnell the windows of houses not illuminated were smashed. Serious rioting ensued and the military were called out. Three rioters were seriously injured.

THE ASSASSIN.

Guiteau's Sister Makes an Effort in His Behalf.

CHICAGO, April 9. Mrs. Scoville startled the community this afternoon by filing a petition in the County Court to have her brother, Charles J. Guiteau, examined as a lunatic, in order that his estate may be protected. The statute under which this petition is filed provides that where any person is an idiot, lunatic, or distracted, or wastes his estates, or has any estate, real or personal, the County Court of the county in which he lives shall, on the application of any relative or creditor, etc., order a jury to be summoned to try the question, and if found guilty shall appoint a Conservator.

Judge Leomis says he cannot issue an order for any one not a resident of Illinois, and he considers Guiteau not a resident of this State, so that he will not issue an order or warrant. If they want Guiteau tried for insanity they must bring him here. The case will be further considered on Saturday, to which day the matter has been postponed.

This is a new and entirely unexpected turn of affairs. It is not known whether Guiteau will be brought here or not. As the case requires a trial by jury before Judge Leomis, the question will again come up as to whether Guiteau was insane at the time of the shooting of President Garfield. It is said that newly discovered evidence will be introduced in the trial of the case in Chicago, and many witnesses, who were not present at Washington, will be in attendance here. The case will come up regularly at the next term of the County Court in May. The only point in Mrs. Scoville's bill of special importance are her statements that Guiteau is receiving \$15 a day from the sale of autographs and photographs; and that she believes Guiteau is about to negotiate, or that he has negotiated for the sale of his body after execution.

GUITEAU ENRAGED.

WASHINGTON, April 11.

The following has been furnished for publication: To the Agent of the Associated Press: Mrs. Francis M. Scoville, according to newspaper reports, has impudently filed a petition in Chicago for a conservator of my estate. The absurdity of her pretensions is apparent from the fact that I do not live in Illinois, and have not for nearly three years. Besides, I am not a lunatic. This was officially denied on my trial. I have lived in Washington for over a year, and this is my legal residence. The Court had better dismiss the petition

peremptorily. The Scovilles are nuisances, and I want nothing to do with them.

(Signed), CHARLES J. GUITEAU. Warden Crocker says he never saw Guiteau so enraged as he was when he heard of the petition moved by his sister to have the Chicago Court give her legal custody of his estate. Guiteau thinks all his sister wants to accomplish is to get the profits of his book. He says that if he has to die he will make a will to keep her from getting a cent. Scoville positively rules out of his case, and Reed will hereafter have entire charge. Guiteau has obtained about \$700 from the sale of his photos and autographs. The receipts average \$10 daily. Should the application that has been made for a new trial be denied, the Warden will at once exclude all visitors who call for curiosity, and put an end to the sale of pictures and autographs in jail. The extraordinary proceedings at the jail connected with the exhibition of the assassin, have been entirely under the control of the Warden. Marshal Henry is anxious it shall be known he is powerless.

Guiteau writes in his book: "If all other remedies fail I shall boldly appeal to the President for relief under my own hand."

Mark Getting Generous.

It is reported that Mark Twain has become so rich as to be a benefactor of young artists and literary men, and that he has given one man \$3,000, also staked a young sculptor of Hartford to travel abroad for a year to study. If there is a man in the East called "Mark Twain" who is giving away money, it is not the original Mark Twain who once lived on the Comstock, for he never indulged in any such vagaries of benevolence.
